EDUCATION AND TRAINING

Expected in 09/2026

Bachelor of Engineering - Biomedical Engineering (MAJOR)

Rathinam Technical Campus

Coimbatore

Expected in 09/2026

Bachelor of Technology - Information Technology (MINOR)

Coursera

Online

Expected in 06/2026

Bachelor of Applied Science in Information Technology - Full Stack Development

Coursera

Online

SUMMARY

As a pre-final year student keen to join Goldman Sachs' Engineering Campus Hiring Program, I bring a solid foundation in front-end and web development, equipped with advanced coding skills and a strong problem-solving mindset. My experience includes creating scalable web applications and leveraging innovative technologies to address complex challenges.

I am proficient in the key skills required for front-end development and engineering roles, making me a valuable asset to the team. My ability to adapt to change, coupled with excellent English communication skills, aligns well with the program's objectives and Goldman Sachs' dynamic environment.

SKILLS

- Technical Solutions Development
- Project Scoping
- Problem-Solving
- Version control systems
- CSS
- Java
- HTML
- SQL
- C language
- Python
- JavaScript
- React.js
- Git
- Data structure & Algorithm
- RESTful APIs

LANGUAGES

English: C2

Proficient (C2)

Tamil: C2

Proficient (C2)

EXPERIENCE

Front End Developer Intern Coursera | Online | India

06/2023 - Current

Front End Developer

Coursera [JUN/2023]

- Collaborated with the development team to create responsive and interactive web pages using HTML, CSS, and JavaScript.
- Assisted in developing and maintaining web applications with a focus on performance, usability, and cross-browser compatibility.
- Worked with frameworks like React.js to build and optimize dynamic user interfaces.
- Implemented RESTful APIs to integrate backend services and improve application functionality.
- Conducted code reviews, debugging, and testing to ensure high-quality deliverables.
- Participated in Agile development processes, including daily stand-ups, sprint planning, and retrospectives

Web Developer Intern CodSoft | Coimbatore , India

08/2024 - 09/2024

Web Developer Intern

CodSoft [AUG/2024 - SEP/2024]

- Developed and maintained responsive websites and web applications using HTML, CSS, JavaScript, and React.js.
- Collaborated with the design and backend teams to implement new features and optimize existing functionality.
- Participated in code reviews, debugging, and performance optimization to enhance user experience.

- Assisted in developing RESTful APIs and integrating third-party services.
- Gained experience in version control systems like Git and agile development methodologies.
- Contributed to the testing and deployment of web applications, ensuring quality and reliability.

ACHIEVEMENTS

- Academic excellence Award (2023)
- Paper presentation winner (Inter College Events-2023)
- Technical quiz winner (Inter College Events-2023-24)
- Technical connect winner (Intra College Events-2024)
- Smart coder Award (CoE-2023)
- Hackerrank-Golden Badge (C, Python, Problem solving) Achiever
- Hackerrank Silver badge (JAVA) Achiever
- NASSCOM (Bronze) Certificate Achiever
- HackerEarth Novice (Coding Challenges) Level badges Achiever

PROJECTS

- Portfolio by using HTML CSS
- Calculator Software
- Landing page with Cascade Styling
- Wether Application by using HTML CSS & JavaScript
- Blood Bank Optimization Systems (Prototype -intermediate level)
- Budget Allocation application by using HTML & javascript
- Book Review Web application (Frontend with Flask frameWorks
- e-Planetshopping Application

CERTIFICATES

- IBM Certified: Introduction to Mobile Development Meta (99%)
- IBM Certified: Software Developer Career Guide and Interview Preparation (83%)
- IBM Certified: Generative AI Elevate your Software Development Career (82%)
- IBM Certified: Full Stack Software Developer Assessment (90%)
- IBM Certified: Full Stack Application Development Capstone Project (100%)
- IBM Certified: Application Development using Microservices and Serverless (96%)
- IBM Certified: Introduction to Containers w/ Docker, Kubernetes & OpenShift (98%)
- IBM Certified: Django Application Development with SQL and Databases (58%) IBM Certified: Developing AI Applications with Python and Flask (54%)
- IBM Certified: Python for Data Science, AI & Development (50%)
- IBM Certified: Developing Back-End Apps with Node.js and Express (55%)
- Microsoft Certified: Introduction to Microsoft Azure Cloud Services (96%)
- IBM Certified: Developing Front-End Apps with React (90%)
- IBM Certified: Getting Started with Git and GitHub (96%)
- IBM Certified: Introduction to Web Development with HTML, CSS, JavaScript (92%)
- Hackerrank Verified : JAVA Certificate
- Hackerrank Verified : Python Certificate

DECLARATION

I Here by I declare that all the above information are true to my knowledge in belief.
